EDUCATION

B.Tech (Electronics and Communication), *GLA University, Mathura*

May 2022

Intermediate-St. Cornard's Inter College , Agra

May2017

High School-St.George's College Unit-2 , Agra

May2015

INTERSHIP EXPERIENCE

Edgate Technologies Pvt Ltd

Texas Instruments

- In this I understand how to work in embedded system domain.
- Understand how to work with microcontroller and its basics.

PROJECTS

- **Wireless Water Level Controller.**
Make a controller which controls the water level and disconnect the water from the tank automatically.
- **To Recognize The Core Part Of A Flower Using Digital Image Processing.**
- **BMI AND BMR Calculator**

SKILLS

- **Arduino**
- **C Language (Intermediate)**
- **Java (Intermediate)**
- **Embedded System**

Extra/Co-Curricular Activities

- **Participated in value added course on "CCNA routing and switching".**
- **Participated in value added course on IOT and Embedded system.**
